HOW TO DETERMINE YOUR IKC DIVISION

AGE:

- All competitors have the right to compete in one age group for the whole calendar year. A competitor can compete for the entire calendar year at the age he/she is on January 1st of that year.
- All competitors have the right to move up to the next division on his/her birthday. However, no points will carry-over. In addition, once the competitor moves up to the next division he/she must stay in that division.

RANK:

- All competitors have the right to remain in the same ranking division for the entire year. For example, if he/she starts off the first IKC Tournament in the Intermediate Division then he/she can finish the year in that division. In all IKC Tournaments the competitor is to wear an intermediate belt. In previous years the rules stated that if he/she move up to the next division he/she could only carry half of his/her total points to the new division.
- All competitors have the right to move up to the next division upon earning the appropriate belt level. However, no points will carry-over. In addition, once the competitor moves up to the next division he/she must stay in that division.

DIVISIONS:

- Read the tournament brochure for divisions. A tournament may not offer all divisions (Example: Musical Forms may not be offered). If you have any questions contact the promoter.
- Per the discretion of the Promoter, divisions **may be** separated for youth Black Belts and youth Under Belts.
- Per the discretion of the Promoter, prize money **may be** awarded to Grand Championship winners.
- All PROMOTERS of AA and AAA ratings MUST FOLLOW AA and AAA rating IKC Tournament REQUIRED DIVISIONS. Promoter discretion to add/delete Grand Championships.

Dear IKC Competitor & Promoter:

The number one goal of the IKC Ratings Office for 2011 is to continue to have 100% accurate ratings. The only way we can achieve this goal is to have good cooperation and communication between the promoters, the competitors and the IKC Ratings Office.

In the past, the responsibility and burden of getting tournament results to the Ratings Office was placed entirely on the promoters. As a promoter myself (Southern Open), I know how difficult it is to be totally accurate when compiling a list of more than 300 winners of a tournament. Again, this year we are going to give the responsibility on the competitor, to insure that the ratings are completely accurate. However, this does not release the promoter from the obligation of sending in their tournament results. This method will assure accuracy through verification from both parties. Below you will see how the 2024 ratings will be computed.

Tabulation of the 2024 IKC Ratings:

Competitor:

Within 30 days fax or mail your competition results after each IKC tournament you enter to the IKC Ratings Office using the tabulation record sheet in the IKC membership package. ***(Always keep your original tabulation sheet. Send a copy only.)*** IKC will count all IKC rated wins toward his/her point grand total. If you enter 15 IKC tournaments and place in all 15, all your points will count toward your IKC rating. Your points will be tabulated into your own computerized file as the IKC office receives them. If you choose to wait to send in your points monthly or quarterly, etc., your points will not be tabulated until the office receives them from you. ***If you do not send your results to the IKC office your points will not be tabulated.***

Promoter:

Mail or fax in your tournament results within 14 days of your tournament. Our fax line is available 24 hours a day. The result of each tournament is necessary to verify each competitor's rating score.

IKC Ratings Office:

1. IKC will cross check the competitor results with the tournament results and will file competitor results in their computerized file.
2. IKC will follow up on any conflicts between the competitor results and promoter results.
3. IKC will publish results frequently on the IKC web page at <http://ikcweb.com/>.
